New Invention Makes Fords Run 34 Miles on Gallon of Gasoline and Start Easy in Coldest Weather. Other Cars Show Proportionate Savings.

A new carburetor which cuts down gasoline consumption of any motor, including the Ford, and reduces gasoline bills from one third to one-half is the proud achievement of the Air-Friction Carburetor Co., 2086 Madison St., Dayton, Ohio. This remarkable invention not only increases the power of all motors from 30 to 50 percent, but enables everyone to run slow on high gear. It also makes it easy to start a Ford or any other car in the coldest weather without previously warming the motor. With it you can use the very cheapest grade of gasoline or half gasoline and half kerosene and still get more power and more mileage than you now get from the highest test gasoline. Many Ford owners say they now get as high as 45 to 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make that they offer to send it on 30 days' trial to every car owner. As it can be put on or taken off in a few minutes by anyone, all readers who want to try it should send their name, address and make of car to the manufacturers at once. They also want local agents to whom they offer exceptionally large profits. Write them today.—Adv.

### Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really is a long better for coughs. Into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

## THREE BOTTLES OF ROOTONIC ADDED 12 POUNDS TO HIS WEIGHT

William Burd Had A Hard Job Getting His Strength Back After Pneumonia But Finally Accomplished It By Taking Rootonic. The Herb Remedy That Tells You What It Contains.

"There surely must be something in Rootonic that is good," says Mr. William Burd. "I read the formula in the newspaper and I recognized the names of some of the herbs that are put in no I thought I'd take a chance at one bottle. I'd been trying three and four bottles of all kinds of tonics for two years ever since I had pneumonia, but hadn't been able to get any help. The doctor had told me that I was weak, my lungs were weak and I had to strengthen myself as I would get sick again and probably not get better the next time. He told me the names of some tonics and I tried them, but they didn't help me at all. When I heard of Rootonic a couple of months ago and started it, I thought that at last I had found what I wanted. When that first dose was going down, it seemed to make my shoulders go back and give me a sort of bracing feeling. I kept at it and after I took the first three bottles, I found I had gained twelve pounds and was feeling in the best of condition. I don't feel as if I needed a medicine now but I'm going to keep taking Rootonic for it's the best tonic in the world. It made a man of me."

If you let winter set you in a weakened, run-down condition, you are taking chances with death for there are pneumonia, flu and other diseases just waiting to get a strangle hold on your system. Hurry up and get Rootonic to strengthen you and build you up before the real cold weather comes.

Rootonic contains: Mandrake Root, Turtle Blood, Gentian Root, Fennel Seed, Kava Kava, Dandelion Root, Stone Root, Buckthorn Bark, Chamomile Flowers, Juniper Berries, Angelica Root and Unicorn Root.

Wm. Murphy is another satisfied user of Rootonic.

Rootonic is sold by Gokay's Drug Store.

A wedding march played by a Chinese orchestra with tom-toms and other weird instruments followed the wedding of Miss Lois Baker, a graduate of Beland Stanford university, was married recently in Tsingtau to the American representative of the Standard Oil company in China.

In Wichita, Kas., it has been decided to use the churches as polling places, owing to a protest from the women against being obliged to vote in lively stables, barber shops, undertaking parlors, and other places which they denounced as unfitting for them to enter.

It was on a Friday—June 14, 1912—that the Grand Duchess Marie Adelaide ascended the throne of Luxembourg. By a curious coincidence it was also on a Friday, October 1 of this year, that the former Grand Duchess turned her back on the world and descended the single habit of a nun in the Carmelite convent at Modern, Italy.

### Goods Hard to Match

Any woman who has ever worn a black dress or costume knows how difficult black is to match. No black silk is really black. A piece of silk may seem black to the casual observer, and it may be called black, but it is not really black at all. It is dark brown, or dark blue, or dark red. Matching black goods, therefore, is difficult, because one must be able to tell whether the black has more of brown, red or blue in it and match it to a piece of black goods containing the same color value.

### SLOAN'S GOES RIGHT TO THE ACHING SPOT

You can just tell by its healthy, stimulating odor, that it is going to do you good.

THOUSANDS of men and women, when the least little rheumatic "crick" aches them, have Sloan's Liniment handy to knock it out. Popular over a third of a century ago—far more popular today.

That's because it is so wonderfully helpful in relieving external aches and pains—sciatica, lumbago, backache, neuralgia, overstrained muscles, stiff joints, weather exposure results. A little is all that is necessary, for it soon penetrates without rubbing, to the sore spot. No muzz, no stained skin.
